

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

30 Day Public Notice Report

Application # : FW-25805

Stream : West Fork White River

Applicant : Delaware County Engineering Department
Angela Moyer
7700 East Jackson Street
Muncie, IN 47302-9265

Description : The existing steel beam bridge carrying Jackson Street over West Fork White River will be replaced with a new structure on essentially the same alignment to improve traffic flow. The new structure will be a 3-span prestressed concrete bulb-tee beam bridge with span lengths of 85', 100', and 85'. The structure will have an out-to-out length of 55'-6" and a clear roadway width of 38'-0". The vertical wall abutments will be constructed to provide clearance for the White River Greenway Trail to pass through the west end. The abutments and piers will be skewed 40 degrees right to align with the streamflow. The new approach roads will be elevated a maximum of 1' above the existing approaches. The existing structure will be completely removed. The project is partially federally funded. Details of the project are contained in information received electronically at the Division of Water on June 3, 2010 and in plans and information received at the Division of Water on

Location : At Jackson Street crossing (Delaware County Bridge 513)
near Muncie, Center Township, Delaware County
Section 9, T 20N, R 10E, Muncie West Quadrangle
Quad Code: 4008524

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : FW-25806

Stream : Prairie Creek

Applicant : John C and Vanessa C Vann
919 North East Street
Lebanon, IN 46052-1842

Description : Requesting approval for 816 square foot addition on the east side of existing structure of approximately 1400 square feet. Foundation is treated lumber, originally designed as a large deck; 2 x 10 treated lumber, 16" on center, supported with 4 x 4 posts buried 30" with concrete surrounding posts. Floor level will be equal with existing structure, approximately 13" off ground. Foundation is secured to existing structure. Plumbing needed for addition will be tied into current water supply and drain line which is north of existing structure. Flood way is south of existing structure. Details of the project are contained in information received electronically at the Division of Water on June 3, 2010 and in plans and information received at the Division of Water on

Location : 919 North East Street
near Lebanon, Center Township, Boone County

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Application # : PL-21540

Lake : Dewart Lake

Applicant : Lowell and Pat Culps
34 EMS D 18 A1 LN
Syracuse, IN 46567-8099

Description : A new seawall will be constructed across 50' of the 50' frontage of the applicant along Dewart Lake to deter shoreline erosion. The wall will consist of reinforced concrete which will be sloped on the lakeward side. It will be 48" high and will vary uniformly in thickness from 13" to 28" from the base to the top. The lakeward face of the wall will be at the legal shoreline. Details of the project are contained in information received electronically at the Division of Water on June 2, 2010 and in plans and information received at the Division of Water on

Location : 34 EMS D18A1 LN, south side of lake channel on Dewart Lake
near Syracuse, Turkey Creek Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11
